Edna G Olds Academy
A L.E.A.D. Academy

Relationships, Health and Sex Education (R.S.H.E) Policy

Edna G. Olds Academy

Policy Statement

Introduction

This statement sets out the legal framework, the definitions and our policy expectations.

L.E.A.D. Academy Trust requires this policy to be implemented by all its member academies, adapted to meet the needs of individual contexts and cohorts.

The L.E.A.D. ethos is that effective personal development is crucial to the rounded education provided to our pupils. Every child should have access to effective Health, Sex and Relationship Education.

L.E.A.D. Academy Trust defines the policy expectation, but the responsibility for implementation of the policy rests with the Head teacher of each academy.

This policy outlines the commitment to provide effective Relationships, Sex and Health Education for all pupils in support of that offered by parents, who are the first educators of their children in this area. It has been written with regard to the DfE Relationships Education, Relationships and Sex Education (RSHE) and Health Education guidance 2019 and statutory requirements.

The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019 made under sections 34 and 35 of the Children and Social Work Act 2017 make Relationships and Health Education compulsory for children receiving primary education.

RSHE teaching contributes to our statutory duty to safeguard children and prepare them for the responsibilities and experiences of adult life. RSHE will be taught in an age-appropriate manner throughout each Academy within the Trust.

Legal Framework

Updated guidance:

<https://www.gov.uk/government/publications/relationships-education-relationships-and-sex-education-rse-and-health-education>

Academies' Funding Agreements require academies to have regard to [DfE's statutory guidance on sex and relationship education](#)

Duty to promote well-being (Children Act 2004)

<http://www.legislation.gov.uk/ukpga/2004/31/contents>

Please note: This policy should be read in conjunction with our policies on Safeguarding & Child Protection, Special Educational Needs & Disabilities (SEND) and Equality.

Definition

Sex and Relationship Education is committed to supporting all children to grow up happy, healthy and safe, and to provide them with the knowledge they need to manage the opportunities and challenges of modern Britain. Through RSHE children learn about relationships, diversity, respect, healthy lifestyles, safety, the body and how it changes, reproduction and birth in a sensitive and age-appropriate way. This is aimed at building the foundation of skills and knowledge that will be developed further at a secondary level. Our key aim in providing RSHE is to safeguard our pupils. Pupil will learn key knowledge and skills to help keep them safe and prepare them for adult life.

Sex Education for primary age pupils is not compulsory. However, at L.E.A.D. Academy Trust, all academies should ensure that any sex education programme designed and implemented, is age appropriate and is tailored to the physical and emotional maturity of the pupils, and should be aligned with the model policies issued by the relevant local authority. The policy will equally be outlined and shared with the relevant stakeholders and parents.

The statutory subject of Health Education includes coverage of: mental wellbeing; internet safety and harms; physical health and fitness; healthy eating; drugs, alcohol and tobacco; health and prevention; basic first aid; and, changing adolescent body (ie. puberty education)

Key Objectives

The key objectives of the RSHE programme should be to:

- Develop knowledge and understanding of positive and healthy relationships and the importance of commitment
- Enable children to gain the skills and understanding to support the development of healthy bodies and minds
- Develop pupils' skills around assessing risk and keeping safe
- Enable pupils to recognise and manage their emotions effectively
- Support Pupils to effectively manage their health and wellbeing
- Make pupils aware of their rights especially in relation to their bodies
- Enable the development of social and relationship skills and protective behaviours
- Prepare pupils for the physical and emotional changes of puberty
- Develop understanding of reproduction and birth within the context of loving and caring relationships
- Explore a range of attitudes, values and faith perspectives around aspects of relationships and sex
- Support pupils to use the internet safely and to recognise the benefits and risks that it brings
- Provide pupils with the knowledge and skills to access appropriate support

The RSHE programme is based on the needs of pupils, in order to support learning outcomes appropriate to their age, ability and level of maturity. Pupils will be helped to appreciate difference and to respect themselves and others.

The Curriculum:

RSHE will be taught in each year group throughout the Academy. The curriculum we deliver is age-appropriate and progressive, building the children’s knowledge, understanding and skills year on year. RSHE will be delivered, and parents/carers will be informed of what will be covered annually.

The curriculum will ensure coverage of the following core elements:

- 1. Knowledge and Understanding**
- 2. Personal and Social Skills**
- 3. Attitudes and Values**

Aspects of Coverage/ Concepts

The following aspects and concepts will be covered within the RSHE guidance published in June 2019.

Concepts within the Curriculum	
Mental wellbeing	Physical health & fitness
Sexual education	Being safe
Changing adolescent body	Health & prevention
Basic first aid	Internet safety & harms
Drugs alcohol & tobacco	Healthy eating
Respectful relationships	Families (& people who care for me)
Online relationships	Caring friendships

We work to objectives in each year group that support the outcomes outlined in the government RSHE guidance. We know there is a proven link between pupils' health and wellbeing, and their academic progress. Crucial skills and positive attitudes developed through comprehensive Personal, Social, Health and Economic education are critical to ensuring children are effective learners.

At Edna G. Olds Academy we use SCARF, a comprehensive scheme of work for PSHE (Personal, Social, Health Economic and Wellbeing education) and RSHE. An overview of SCARF can be found in our appendices¹. It covers all of the DfE's new statutory requirements for Relationships Education and Health Education, including non-statutory Sex Education, and the PSHE Association's Programme of Study's recommended learning opportunities, as well as contributing to different subject areas in the National Curriculum.

We follow the six suggested half termly units and adapt the scheme of work where necessary to meet the local circumstances of our school, for example, we may use our local environment as the starting point for aspects of our work. The school council are also consulted as part of our planning, to ensure pupil voice is considered and fed into the planned programme.

Our RSHE/PSHE subject lead, Shai-Leigh Davies, works in conjunction with teaching staff in each year group and the phase leads (EYFS, KS1 and KS2) and is responsible for ensuring that all staff are equipped with the knowledge, skills and resources to deliver RSHE/PSHE education confidently. Teachers can access a range of teaching support resources within SCARF, including guidance documents and teacher training films. Any teacher wanting further support should contact the PSHE subject lead in the first instance to discuss their training needs.

Class teachers follow the suggested six half termly units provided by SCARF for each year. Lessons can be a weekly standalone PSHE lesson or be cross curricular. The lesson plans list the specific learning objectives for each lesson and provide support for how to teach the lessons; class teachers and our PSHE lead often discuss this on an informal basis.

We have chosen SCARF as our RSHE/PSHE resource because the lessons build upon children's prior learning; we have assessed the content and feel that it is relevant and sensitive to the needs of the children. There is planned progression across the SCARF scheme of work, so that children are increasingly and appropriately challenged as they move up through the school. Assessment is completed by the class teacher using the SCARF Summative Assessment 'I can...' statements, alongside the lesson plan learning outcomes to demonstrate progression of both skills and knowledge.

1. What is being taught

In the appendices can be found the SCARF medium term planning for both Key stage 1 and 2 and the Early Years Foundation Stage² as well an overview of our Science programmes of study³.

The Early Years Foundation Stage

In the Early Years Foundation Stage, RSHE/ PSHE education is about making connections; it's strongly linked to child-led activities, including play. RSHE/PSHE is taught through activities that are part of topics, as well as on an individual basis to develop personal skills such as dressing, feeding and toileting. Positive experiences are built through daily opportunities, to share and enjoy a range of different activities. Children are given the opportunity to engage in social activities, as members of a small group or occasionally during whole-school activities.

KS1 and KS2

The SCARF programme divides the year into 6 themed units which link to the objectives within our our whole school PSHE and safeguarding curriculum overviews:

1. Me and My Relationships: includes content on feelings, emotions, conflict resolution and friendships;
2. Valuing Difference: a focus on respectful relationships and British values;
3. Keeping Myself Safe: looking at keeping ourselves healthy and safe
4. Rights and Responsibilities: learning about money, living the wider world and the environment;
5. Being My Best: developing skills in keeping healthy, developing a growth mind-set (resilience), goal-setting and achievement;
6. Growing and Changing: finding out about the human body, the changes that take place from birth to old age and being safe.

Children are encouraged to engage in activities that promote an understanding of themselves as growing and changing individuals, and as members of a wider community, based on their own first hand experiences. These activities also encourage pupils to understand how their choices and behaviours can affect others. They are encouraged to play and learn alongside – then collaboratively with – their peers. They may use their personal and social skills to develop or extend these activities. Children are also given the opportunity to make choices about their health and environment and are encouraged to develop a caring attitude towards others.

Within National Curriculum Science in Y2, the children learn that animals, including humans, have offspring that grow into adults. They should be introduced to the concepts of reproduction and growth, but not how reproduction occurs. In Y5, children are taught about the life cycles of humans and animals, including reproduction. They also learn about the changes that happen in humans from birth to old age. This includes learning what happens in puberty.

It is important that the transition phase before moving to secondary school supports pupils' ongoing emotional and physical development effectively. The DfE recommends that all primary schools should have a sex education programme, tailored to the age and the physical and emotional maturity of the pupils. Within our non-statutory sex education that takes place in Y6 children will learn about how a baby is conceived, whether through sexual intercourse or IVF. This information builds on content they have previously learnt in the programme about relationships, puberty changes and reproduction; it lays the foundations for their ongoing Relationships and Sex Education in their secondary phase.

In addition to the resources outlined above it is important to note that RSHE is embedded in the wider PSHE curriculum, SEALs and within Science.

Life skills transferable to RSHE are taught through the DARE programme in year 6.

Additionally in Y6 we utilise the SCARF resources to support non-statutory sex education video to support with our RSE. This is shared with parents prior to teaching.

The curriculum will be evaluated by pupils, teachers and parents on a regular basis.

Sex Education

In addition to Relationships and Health Education, sex education is taught in Year 6. Parents are able to withdraw their child from this learning if they choose to (see 'Parents' section below).

Implementation:

We deliver our RSHE curriculum through a range of approaches within the school day.

These include:

Assemblies

A weekly PSHE lesson

Science Lessons

PSHE lessons are taught by their class teacher once a week in their timetabled PSHE lesson, throughout the whole year in their usual classes using a range of interactive teaching methods.

To ensure that children feel comfortable to learn about a range of topics, we create a safe learning environment using a group agreement at the beginning of lessons or topics. This includes a confidentiality statement understood by adults and children. The teachers will also use a range of skills, including distancing techniques and the anonymous question box. Teachers will answer children's questions factually and honestly in an age appropriate way and respond to any disclosures following the schools safeguarding procedures/child protection policy which can be found on the school website.

Support is provided to children experiencing difficulties on a one-to-one or small group basis, via our yoga nurture intervention specialist. Relevant leaflets, websites and posters can be found on display referring pupils to sources of help and advice, alongside suitable books which can be found in the library.

Since RSHE incorporates the development of self-esteem and relationships, pupils' learning does not just take place through the taught curriculum but through all aspects of school life, including the playground. It is important then that all staff understand they have a responsibility to implement this policy and promote the aims of the Academy at any time they are dealing with children.

Teaching and Learning

The personal beliefs and attitudes of teachers will not influence the teaching of RSHE. The approach to the teaching of this subject matter is rooted in education, rather than beliefs or emotion. A balanced and non-judgmental approach will therefore be taken. Teachers, and all those contributing to RSHE will work to the agreed values within this policy.

Within RSHE pupils will develop confidence in talking, listening and thinking about relationships, keeping safe, health, puberty and sex. To achieve this, a number of teaching strategies may be used, including:

- Establishing ground rules with pupils
- Dealing with children's questions in an appropriate manner
- Using discussion and the appropriate materials
- Encouraging reflection
- Use strategies for pupils who may not wish to raise suggestions in front of others e.g. a question (ballot style) box.

Equality, Inclusion and Support

Relationships and RSHE should be delivered in line with the Equalities Act and Public Sector Equality Duty to ensure those with protected characteristics do not face discrimination. Positive action is taken to deal with disadvantages affecting a group because of a protected characteristics.

In complying with the requirements of the Equality Act 2010, we value diversity, encourage respect for all and promote tolerance for, and celebration of, difference. We do not discriminate against pupils because of any protected characteristic (age, sex, race, disability, religion or belief, gender reassignment, pregnancy or maternity, marriage or civil partnership, or sexual orientation). At times, when there is an identified need, we may take positive action through our planning and delivery of RSHE to deal with disadvantages facing those with a particular characteristic.

RSHE will be accessible to all regardless of their gender or background. Through the delivery of RSHE, teachers will explore gender stereotypes and how they may limit a person's potential and ensure that people of all genders receive information that is relevant to their needs.

There are many different faith and cultural perspectives on aspects of RSHE. We aim to deliver RSHE in a factual, non-judgmental way, ensuring that teachers do not promote one faith or cultural viewpoint, but rather provide a balanced approach that acknowledges the wealth of views and opinions of our community and teaches tolerance.

Parents and carers are key partners in RSHE and are best placed to support their children to understand how their learning at the Academy fits with their family's faith, beliefs and values. To support this process we will ensure that parents are made aware of what will be taught and when.

We will use a range of materials and resources that reflect the diversity of the Academy population and encourage acceptance and tolerance. We want every child and family to feel included, respected and valued.

A range of different families and relationships will be explored within RSHE. All children whatever their identity, developing identity, or family background need to feel that RSHE is relevant to them and sensitive to their needs. Resources used will demonstrate awareness of both the Academy community and wider society where possible.

SEND

Teachers will plan in different ways and use a variety of teaching strategies to meet the needs of individuals. For some children, particularly those with special educational needs and disabilities, a tailored approach may be necessary to ensure learning outcomes are met – this will be discussed with parents/carers and based upon the individual needs of the pupil, prior to the session.

Vulnerable Pupils

Some pupils may have experienced adverse childhood experiences that may impact on their ability to engage with RSHE in a variety of ways. Care will be taken to ensure that, where this is the case, parents/carers are consulted about the most appropriate way for the pupil to access the curriculum.

Safe Learning in RSHE

It is important that all pupils feel safe and able to participate in RSHE lessons. To support the involvement of all pupils, teachers will use a range of teaching strategies and ensure that pupils are aware of the expectations before beginning each session.

As with any topic, pupils will ask questions during RSHE to further their understanding. Due to the sensitive nature of the topic, teachers will employ strategies to ensure that questions are asked and answered in a factual, balanced and age-appropriate way.

When pupils can write independently, pupils may be introduced to the 'question box', into which they can place their written questions. This allows the teacher the opportunity to group questions into themes and filter any that may need answering on an individual basis or, in some cases, referred to parents. All staff will be mindful of their safeguarding role and will follow the relevant Academy procedures if a question raises concerns of this nature.

Teachers will use the following strategies to deal with unexpected questions:

- If a question is personal, the teacher will remind pupils of the rules and expectations.
- If the teacher doesn't know the answer to a question, the teacher will acknowledge this and will research the question and provide an appropriate answer later.
- If the question is too explicit, is outside set parameters, is inappropriate in a whole class setting or raises concerns about sexual abuse, the teacher will attend to it on an individual basis which may involve informing parents.

Sometimes pupils may ask questions about issues that are not part of the planned programme, this could show that the taught curriculum is not meeting their needs. This will be fed back to the leader as part of the evaluation and monitoring process.

External speakers

External speakers may be used to enhance the delivery of RSHE. All external speakers deliver in line with our RSHE policy and safeguarding procedures.

- be suitably qualified to deliver RSHE sessions
- be aware of the school policy on RSHE and work within this
- be supervised by a member of staff at all times when on school premises
- be familiar with the Safeguarding Policy and alert the teacher to any safeguarding

- concerns
- understand their contribution they make to the broader RSHE programme
- be suitably vetted prior to being booked

An example of external provider we use is the Police to support in the delivery the DARE programme in Y6.

Staff Training

All staff delivering RSHE will take part in training and be familiar with this policy. If a staff member has additional learning and development needs, these will be supported either through mentoring from a more experienced staff member in the Academy, team-teaching, observations, or attendance at an internal or external training event.

Assessment and Review

Teachers use a range of assessment strategies to track pupils' progress towards our published learning outcomes.

Teachers will use work produced and small group discussions to assess pupil understanding within RSE. At the end of each half term the teachers consider a range of 'I can' statements, which summarise children's learning against the unit's key learning outcomes.

Teachers will use informal assessment to revise future SRE plans.

This method of recording also enables the teacher to make an annual assessment of progress for each child, as part of the child's annual report to parents. We pass this information on to the next teacher at the end of each year.

The monitoring of the standards of children's work and of the quality of PSHE education is the responsibility of the PSHE subject lead. The work of the subject lead also involves supporting colleagues in the teaching of PSHE education and being informed about current developments in the subject.

The PSHE education subject lead gives the headteacher an annual summary report in which teaching and learning of the subject is evaluated. Areas for development are also identified. The PSHE education subject lead has specially-allocated regular management time, enabling them to review evidence of the children's work and monitor any assessments made.

Governors will monitor the achievement of pupils in RSHE. Pupil's progress in RSHE will be included in the end of year report.

The Role of Parents

RSHE is a partnership between the Academy and parents/carers. We recognise that in RSHE, parents and carers play a core role and we therefore welcome their engagement with our programme. It is important that RSHE delivered within the Academy is explored in more detail within the context of individual families. We wish to build a positive and supporting relationship with the parents of children at our Academy through mutual understanding, trust and co-operation. In promoting this objective we:

- Inform parents routinely about the Academy's RSHE policy and practice (prospectus/letters/emails/ website)
- The curriculum content and organisation is shared and explained (-knowledge organisers / explanation of what is covered and when)
- Answer any questions that parents may have about the RSHE of their child
- Take seriously any issue that parents raise with teachers or governors about this policy or the arrangements for RSHE in the Academy
- Conduct consultation on an annual basis about any needs in relation to our RSHE programme and policy

Any parents wanting more information about our RSHE curriculum can contact Shai-Leigh Davies (Assistant Head of School).

Right to withdraw from Sex Education

Whilst we always try to work with parents to explore their views, we also accept that parents can exercise their right to withdraw their child from the sex education elements of our programme (other than that which comes within the science curriculum). There is no right to withdraw from Relationships Education or Health Education. Any parent wishing to exercise this right should initially contact the Head teacher to discuss the matter.

If a pupil is withdrawn from an aspect of Sex Education, alternative arrangements will be put in place. This provision and the nature of this learning will be negotiated on an individual basis, dependent on the needs of the pupil.

Resources

As with any other subjects, the breadth of the RSHE curriculum necessitates the use of a wide variety of age-appropriate resources. Teachers select resources that support the learning outcomes for the year group they are teaching. Parents are invited annually to review these resources and familiarise themselves with anything which is used.

We hold a parents meeting each year where you can familiarise yourself with the resources to be used. If you would like to see these at other times of the year please speak to your child's teacher. If you would like to discuss any of the resources in more detail please contact Hannah Crotty (Head of School).

Confidentiality, Safeguarding and Child Protection

Everyone involved in RSHE will be clear about the boundaries of their legal and professional roles and responsibilities. Teachers will discuss confidentiality with pupils, making it clear that teachers cannot offer unconditional confidentiality. Pupils will be informed that if confidentiality has to be broken, due to safeguarding concerns, they will be informed first and then supported as appropriate.

Teachers will be aware that effective RSHE, which brings an understanding of what is and is not acceptable, can lead to disclosure of a child protection issue. Everyone involved in RSHE will be alert to signs of abuse and report concerns or suspicions to the Designated Safeguarding Lead as outlined in the safeguarding policy. Any disclosure of sexual activity from a primary age child would raise immediate child protection concerns that would be dealt with in a sensitive manner in line with local safeguarding procedures.

Menstrual Wellbeing

Some pupils will begin menstruation whilst still in primary education. To support pupils who are menstruating, we have in place the following:

- Sanitary disposal units are available in the Year 5 and Year 6 toilets
- Pupils can access sanitary products from the Year 6 classroom
- For those experiencing period poverty free sanitary protection can be accessed from the Year 6 classroom

When a pupil starts menstruating in the Academy, we will support them on-site and inform parents. Our RSHE programme covers basic information about menstruation in year 4, with more detailed input in years 5 and 6. If your child has difficulties managing their periods at the Academy please contact the class teacher or school office for support.

The Role of the Head Teacher

It is the responsibility of the Head teacher to ensure:

- That parents and staff are informed about the academy's RSHE policy.
- The policy is implemented effectively.
- That members of staff are given sufficient training, so that they can teach effectively and handle any difficult issues with sensitivity.

- This policy is monitored on a regular basis and reports are made to governors on the effectiveness of the policy.

Links to other Policies

It is important to acknowledge that this policy does not remain in isolation and is used in conjunction with the following Policies:

- *Anti-bullying*
- *Healthy eating*
- *Religious Education*
- *Science*
- *Safeguarding*
- *Equality*
- *Health and Safety*
- *SMSC*
- *British Values*
- *Curriculum*
- *Complaints*

Concerns/ Complaints

Any concerns regarding this policy should be addressed informally in the first instance by approaching your child's class teacher. If concerns remain, then they should be addressed via the complaints procedure which is available on the academy website.
