

## Sport Funding Report: 2025/2026

**Total spent (not including swimming: £18,256)**

### **Funding**

Edna G. Olds Academy was allocated £17,780 through Sport Premium Funding for the academic year 2025 to 2026 to spend on improving our provision for all children to access sport. The premium has been used to help Edna G. Olds Academy fund additional and sustainable improvements to the provision of PE and sport in the 2025 to 2026 academic year and to encourage the development of healthy, active lifestyles for all pupils. We have ensured that sport and P.E. provision addresses the needs of all pupils, including those who belong to disadvantaged, vulnerable and gifted groups. For the academic year 2025-2026 funding has been reported via the online platform as well as outlined below.

All sports provision has aimed to increase attainment, inclusive participation, improve confidence, develop competitive strategies and hone techniques / skills; whilst encouraging a life-long love of sport, together with an understanding of the health benefits participation in sports activities brings.

### **Sport Premium Funding has enabled Edna G. Olds to fulfil the following aims:**

- to ensure that we can promote and support the importance of a healthy lifestyle and place particular emphasis on the wellbeing of our pupils
- to ensure that pupils will learn how sport and activity impacts positively on all aspects of their lives and on that of the school
- to improve the physical education experience for all children in our school
- to support the school in increasing physical activity opportunities for our children
- to enable our children to enjoy a range of school sport outside of the curriculum
- to ensure access for all children to high quality physical education lessons to develop fitness, stamina, health and well-being
- to ensure the development of school sport is linked to wider agendas.

### **We have fulfilled these aims by:**

- continuing to provide opportunities for children to represent the school in sport competitions
- employing specialist sports coaches to work alongside teachers in lessons to increase their subject knowledge, skills and confidence in the teaching of P.E
- providing CPD opportunities for staff
- purchasing lunchtime sport activity equipment
- providing transport to link with other schools in order to take part in competitions and festivals
- offering our children the opportunity to participate in sport beyond the curriculum
- ensuring that Edna G. Olds Curriculum offers opportunities for pupils to develop the knowledge and understanding of what makes a healthy lifestyle
- forging links with the local community to enrich the P.E. provision within school

**Edna G Olds Academy**

A L.E.A.D. Academy

As a school we are passionate about sport. All sports funding money is used to develop the staff's teaching and learning skills and expertise - quality CPD. In addition to the allocated sports funding, the school devotes further capital expenditure (significant amounts), to ensure all children have the opportunity to access and develop wide ranging sports skills - quality provision. Sports funding is never used to cover planning, preparation and assessment time (PPA) for teachers.

#### **Major Oak Coaching curriculum support/staff CPD: £1199 per year**

Major Oak Coaching Limited helps schools to deliver a thorough and detailed provision for PE Curriculum Support. As a school, we use the system to support staff with the planning and delivery of high quality PE lessons, that helps to provide a progression in skills across year groups. As the curriculum has developed we are reviewing the CPD support for staff from next academic year.

#### **Competitive Sports: £2900**

Through the sports competitions the school competes in over the year, children will have the opportunity to apply what they have been learning in lessons to competitive events. They will gain an understanding of how to win and how to lose. The children will see the importance of applying our core behaviours curriculum in a sporting environment and learn the importance of always trying their best.

#### **Resources to support delivery of P.E: £4000**

In order to improve the quality of P.E lessons, specialist equipment will be purchased to enable the children to participate in a wider range of sporting activities. It will also enable staff to be able to teach P.E more effectively and enhance the sporting experience of all children, including future years.

#### **Yoga/ CPD for staff: £2239**

Every pupil in the school has access to class yoga lessons. During the yoga lessons the children are taught a range of balances and routines. The children are given the opportunity to express themselves and create their own movements, as well as set these controlled movements into a sequence. There are lots of opportunities for the children to work independently, as a pair or in groups during the yoga lessons. These sessions help the children to develop skills in resilience and compromise. The children are taught relaxation techniques to aid their focus and concentration. This extends way beyond their P.E lessons, enabling them to focus more intently on their class based learning, or use as strategies to relax if they are feeling worried or stressed about a situation in or outside of school. In addition, the yoga programme provides valuable professional development opportunities for staff. Teachers and support staff work alongside qualified instructors, developing their understanding of physical literacy, movement skills, wellbeing, mindfulness and inclusive teaching approaches. This CPD enhances staff confidence in delivering high-quality physical activity opportunities and supports the sustainable development of PE and sport across the school. By upskilling staff, the impact of the provision extends beyond the yoga sessions themselves, ensuring that the benefits of the Sports Premium funding are embedded within everyday teaching and learning.

### **Canoville Coaching: £3040**

Employing specialist sports coaches alongside teachers is a highly effective use of Sport Premium funding because it builds sustainable improvements in teaching quality. Coaches bring expert subject knowledge and up-to-date practices, which helps teachers develop their own skills, confidence, and understanding of high-quality P.E. delivery. This collaborative approach ensures that improvements are embedded long-term, rather than being dependent on external provision alone. As a result, pupils benefit from more engaging, inclusive, and skill-focused lessons, leading to increased participation, enjoyment, and progress in physical education

### **Extra – curricular opportunities £3758**

Edna G. Olds provides a wide range of extra-curricular sporting activities, ensuring that all pupils have the opportunity to engage in regular physical activity beyond curriculum time. These clubs encourage increased participation in sport, promote healthy and active lifestyles, and provide opportunities for children to develop skills, confidence and teamwork in a range of different activities. Sports Premium funding supports the provision of these clubs, enabling the school to broaden the sporting experiences available to pupils, increase participation levels, and ensure that high-quality opportunities are accessible to all. Through these additional activities, pupils develop a lifelong enjoyment of physical activity whilst further enhancing their physical, social and emotional wellbeing.

### **After School Opportunities**

**Football Club:** Edna G. Olds Academy offered all children the opportunity to attend a football club which took place every Thursday- it rotated between KS1 and KS2 each half term.

**Multi-Sports Club:** Edna G. Olds Academy offered all children the opportunity to attend a multi- sports club which took place every Monday.

**Yoga dance Club:** Edna G. Olds Academy offered all children the opportunity to attend a dance club which took place every Thursday.

**Skippping Club:** Edna G. Olds Academy offered all children the opportunity to attend a skipping club which took place every Thursday.

### **Swimming lessons: £6,300**

We believe swimming is a crucial part of a child's development and, therefore, want all our pupils to become confident swimmers from a young age. **No sports premium money is used to fund our core swimming provision.** This is funded by the school. £1120 of sports premium money is used to support staff CPD for swimming.

Sports premium money is used to support pupils who have not met the expected standard in swimming, by funding them to have access to additional swimming sessions in order to ensure they are given the best opportunity of meeting the expected standard in swimming by the end of KS2. The additional sessions are for pupils who cannot yet:

- Swim competently, confidently and proficiently over a distance of at least 25 metres.
- Use a range of strokes effectively (for example, front crawl, backstroke and breaststroke).
- Perform safe self-rescue in different water-based situations.

Pupils in year 5 and 6 who have met the expected standard are provided with additional swimming sessions to further develop their swimming ability- **this is funded through the school and no sports premium money is used to fund swimmers in year 5 and 6 who have already met the expected standard.**

Reception to Year 6 have the opportunity to swim for a total of a term during the academic year. This enables the children to build on their acquired skills throughout the duration of their primary education.

## 2025/ 2026 Swimming Timetable

| Swimming Timetable |                      |                                 |
