

Nursery Class

Autumn Newsletter

Welcome!

Welcome to Nursery class with Miss Owen (Teacher) and Miss Elliot (Teaching Assistant). We hope you have all had a great summer and are ready for lots of learning this half term. It is great to see all of the children settling in with fantastic attitudes towards their learning. We are looking forward to a wonderful year!

Over the course of this half term we will be focusing on getting to know all of the children, spending lots of time talking about our families, our likes and dislikes and our similarities and differences.

We will be looking at a selection of books (pictured below) to support our learning about ourselves, our families, and our friends.

We will also be starting to introduce mathematical language and concepts of number to the children through their play. We will be speaking about the numbers in the environment, practicing the skill of subitising, and matching numeral to quantity. We will also be exploring shape and measure through block play.
